THE COURT DE LA LA

The World's special says, that Chief Justice Chase has notified the President that he cannot preside over the court for the trial of Jeff. Davis in Richmond. for the reason that there is no regular organized court in that city. The President maintains that he cannot be tried in any other place. The impression is that he will be released. Secretary Sevard, assisted by assistant Secretary F. Seward, were busy yesterday, preparing a large foreign mail. The Times' special says, there is no official information of the Wirs sen-

tence. The He rald's special says; the report ed departure from Fort Monroe, for the Pacific coast, of four Iron clads, is prononmed untrue by the Navy Depart-ment. The Monodock is the only one ordered to that station at present. Washington, Nov. 7.

The National Intelligencer, in noticing a visit to the President yesterday, of a delegation of ladies from Baltimore and the presentation of a petition nu-merously signed, leeking the clemency of the executive in behalf of Jeff. Davis, says, the interview was a protracted one and of a most agreeable character. The far petitioners left the city carrying with them the most pleasurable impres sions of the President. In declining. the President regretted that the national character of the question, restrained all private sympathy which they might have awakened. He made the important statement, that complete arrangements made for the early legal trial of Davis, according to the laws of the

The Times says, Gen. Longstreet, while in the city, declared the rebellion could and would have succeeded, if it had not been for the incapacity of Jeff. Davis, whose intermeddling destroyed all their hopes, and that on several occasions he prevented the rebels from taking Washington and making it their base of offensive operations. Halifax, Nov. 7.

27th and Queenstown 29th, has arrived. Palmerston was buried at Westminster Abbey on the 27th. The Oucen and Cabinet were present. Parliament and the diplomatic body were largely represented. Immense crowds thronged the streets through which the funeral procession passed.

The Times accepts the reconstructed Cabinet as a n cessity, and acknowledges Earl Russell has some genius and a deal of political experience; but regrets that it should be a necessity to refer to politics more than seventy years

The Times would rather have another Premier, but is content to admit for the time, that Russell is inevitable. Primiers should be chosen from the House of Commons, especially when so many have been Peers. The Times cannot look upon the arrangement as long lived state, but wants a new blood.

The Star says, we are about to have a Cabinet, the leading member of which. is pledged by precedent, and one great purpose of his life is to reform.

Great preparations are being made at iverpool, to give the Prince and Princers o . Wales a snitable reception on the occasion of the anticipated visit on the 13th.

Arrests are still being made of supposed Fenians on arrival of American steamers at Queenstown.

A passenger by the City of Limerick, named Alfred M. Williams, who stated he was connected with the Tribune was arrested; only a revolver, some ammupition and a note book containing names of the residents of a number of persons were found on him. He was detained by the police.

The Emperor visited two military hospitals on the 56th. Paris papers are anthusiastic hospital, and her personal kindness to the Patients. The rumor of the resignation of M. Fould, is contradicted. It is asserted that there was a great probability of the reduction of the budget of expenditures by thirty million france. The Patric says, the sanitary condition of Paris has been much improved within the last few days. The Empress bad addressed a private letter of condolenc to Lady Palmerston. The Frankfort Senate have addressed an identical note to the great German Powers, energetically rejecting the demands made upon ally rejecting the demands made upon it.
